Bridges To Prep Program

Our Bridges program is a key part of our transition into school life. It is very important that each child's introduction into school is an enjoyable and positive experience. We do this by easing them in gently to the new environment, and by allowing them to familiarise themselves with our staff and different classrooms and their new surroundings. We encourage them to make a friend, so that they will have a familiar face when the new school year begins. Through the Bridges program, children experience a variety of activities such as Literacy and Numeracy, Music, Physical Education and Art. Parents are asked to complete a Bridges To Prep enrolment form for the program. If you would like a tour of the school, please contact the school office.
